## Overview

### Graduation Rates 200 Overview

Welcome to the IPEDS Graduation Rates 200 (GR200) survey component. The GR200 component is a further extension of the traditional Graduation Rates (GR) component which carries forward 100% and 150% graduation rates data previously reported in the GR component and requests information on any additional completers and exclusions from the cohort between 151% and 200% of normal time for students to complete all requirements of their program of study. This information is collected to assist institutions with complying with the requirements of the Higher Education Act, as amended.

#### Data Reporting Reminders

The reporting of data for the 200% completion period is not cumulative. Respondents are ONLY asked to report data for the time period between 151% and 200% of normal time to completion.
