Section 1. Course Title and Description

If the course contains a lecture and laboratory component, identify both the lecture and laboratory numbers (xxx and xxxL) and credit hours associated with each. Provide the complete description as you wish it to appear in the system course database, including pre-requisites, co-requisites, and registration restrictions.

Prefix & No.	Course Title	Credits
HON 450	Honors Experiential Learning	0-3

NOTE: The Enrollment Services Center assigns the short, abbreviated course title that appears on transcripts. The short title is limited to 30 characters (including spaces); meaningful but concise titles are encouraged due to space limitations in the student information system.

Course Description

This course affords the opportunity for students to explore a variety of learning experiences: independent research, study abroad, internship, clinical experience, and leadership work.

NOTE: Course descriptions are short, concise summaries that typically do not exceed 75 words. DO: Address the content of the course and write descriptions using active verbs (e.g., explore, learn, develop, etc.). DO NOT: Repeat the title of the course, layout the syllabus, use pronouns such as "we" and "you," or rely on specialized jargon, vague phrases, or clichés.

Pre-requisites or Co-requisites (add lines as needed)

Section 2. Review of Course

2.1. Will this be a unique or common course (*place an "X" in the appropriate box*)?

[x] **Unique Course**

If the request is for a unique course, institutions must review the common course catalog in the system course database to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form. Courses requested without an attempt to find comparable courses will not be reviewed.

Prefix & No.	Course Title	Credits
HON 341/491	Independent Study	1-3
HON 482	Travel Studies	1-3

Provide explanation of differences between proposed course and existing system catalog courses: The proposed course would emphasize learning through experiences applicable to the student's discipline, with oversight from a faculty mentor, required reflections, and meetings among participating students. This is distinct from independent study and travel studies in that it encompasses a wider range of opportunities than a typical independent study, and while travel may be involved, it is not necessarily a component of the experience.
