BLACK HILLS STATE UNIVERSITY

LEADERSHIP

BACHELOR OF APPLIED SCIENCE (B.A.S.)

START YOUR CAREER AT BHSU

The Bachelor of Applied Science in Leadership program is designed to equip you with many of the skills employers report and research indicates are needed to obtain employment, advance within a profession, and assume a managerial or leadership position within an organization.

This degree program will prepare you for greater leadership roles within your chosen field. You will learn to master soft skill areas like leadership, team building, strategic planning, and organizational communication.

The Bachelor of Applied Science in Leadership is for students who possess an Associate of Applied Science (AAS) degree, have completed past community college or technical school course work, or have occupational/career credits.

A MULTITUDE OF INTERNSHIPS offer students the chance to sharpen skills that will lead to career opportunities.

STUDENT ORGANIZATIONS, such as the Student Senate, National Society of Leadership and Success, Campus Activities Board, among others, all contribute to hands-on experiences and a supportive network of peers and faculty advisors.
