

MASTER OF SCIENCE IN SECONDARY EDUCATION

PROJECT SECOND is a unique online program for individuals who hold a bachelor's degree and want to teach in middle and/or high school. In one year, individuals can become certified to teach secondary education and will have earned a master's degree. To meet individual needs, accomodations and flexibility are available, allowing students to complete the program beyond a one-year timeframe.

PROJECT SECOND MIGHT BE A RIGHT FIT IF YOU:

» Work full time
» Live far from a college campus
» Have a high probability of obtaining a teaching position in your local area.
» Want to complete a one-year program with a cohort of your peers
» Want to be able to teach grades 7-12.

ELIGIBILTY

» Individuals with a degree from an accredited college or university that could lead to a teachable content area.
» Individuals with an undergraduate grade point average (GPA) of 2.7 or higher
» Individuals passionate about becoming an educator.

PROGRAM BENEFITS:

» Earn a master's degree
» Complete a teaching certification in a one or two year time fram.
» Programs offered online, placing students near their homes for both practicums and student teaching.
» Earn a recommendation to the South Dakota Department of Education for teaching certification in 7-12 content areas.
» Receive in-depth guidance and instruction through small online class sizes.
